**RE: UPDATE - Bell Fibe**

---

This message is for owners and residents who have installed Bell Fibe or are considering installing Bell Fibe for their unit.

On December 3, 2023, we sent owners a communication on the Bell Fibe work that was carried out across the Corporation.

Once the winter snow had receded, two board members walked the property to map the Bell Fibe cables that had resurfaced with the spring thaw.

The Property Manager contacted Bell in late March after the resurfaced cables had been mapped. The Property Manager followed up twice in April and once in May and once in June.

The Corporation has not yet received notification that the issues have been corrected.

In the interim, any owner or resident who experiences issues with their Bell Fibe connection will need to contact Bell directly.

Should you have any concerns, please contact Christine Rausch, Property Manager (phone 613-237-9519 ext. 109).

We thank you for your cooperation and understanding.
